

THE COURTHOUSE ARTS CENTRE

The Courthouse Arts Centre is committed to protecting the environment, the health and safety of our employees, and the community in which we conduct our business. It is our policy to seek continual improvement throughout our business operations to lessen our impact on the local and global environment by conserving energy, water and other natural resources; reducing waste generation; recycling. We are committed to environmental excellence and pollution prevention, meeting or exceeding all environmental regulatory requirement.

In the maintenance of our artistic space we aim to purchase products which have greater recycled content with lower toxicity and packaging, that reduce the use of natural resources.

We aim to comply with all applicable environmental legislation and sustainability commitments. The Courthouse Arts Centre ensures our staff are aware of the environmental impacts of their work activities and encourage them through regular awareness and training to minimise those impacts.

1. All board meetings are now paperless
2. Recyclable material is collected fortnightly through AWD Waste Management
3. In achieving greater environmental sustainability with an Arts Capital Grant we have our audience seating.

Biodiversity:

Our lawn area is allowed to fully grow at certain times of the year and is also a green space during the summer months for our workshops and children's activities.
